

- *Cleaner laundry*
- *Clear water*
- *Reduced staining*
- *Sparkling dishes*

NEST Series

Tannin, Hardness, and Iron Reduction System

NEST Series water softeners are designed to remove the tannic acid “ice tea” color from water. Hardness and small amounts of iron (<0.5 ppm) can be reduced as well.

- **Regeneration with merely salt.** No costly or dangerous chemical required.
- **Specialized.** Reduces the tannins that standard softeners can't remove.
- **Low maintenance.** Regular salt replenishment is required.

Model Number	Mixed Bed Media Volume	Hardness Capacity (grains)	Tannin Capacity (ppm)	Type of Regeneration	Service Flow Rate (GPM)		Overall Dimensions			Pipe Size
					Peak	Service	D	W	H	
NEST45	1.5	24,000	1,000	Time Clock	15	8	18"	28"	62"	3/4"
NEST60	2.0	29,000	1,000		17	10	18"	30"	56"
